

# THE LOSS RESOURCE

Presented by: Aly Thomsen and Kelly Green

***'We are a partnership dedicated to improving the mental health and well-being of children and young people through the medium of LEGO®'***

The Loss Resource is aimed principally at children who have experienced some form of significant loss, such as parental separation, imprisonment, illness, bereavement, or indeed any other significant event that has caused disruption.

This resource acknowledges the challenges for all involved, and is designed to encourage children to:

- Communicate their thoughts and feelings about their individual loss experience, through the medium of LEGO® modelling, or other creative media.
- Talk about their circumstances openly, and be given opportunities to ask questions.
- Provide children with a safe space without fear of judgement, or of upsetting a loved one.
- Develop positive strategies for managing their feelings and behaviours, as they embark on working through the practicalities of their new family situation.
- Look positively to the future.

No specialist sets of LEGO® are required to deliver the 'Loss Resource' intervention.

This resource may be used widely in Primary and SEND settings, and has been used effectively with KS3 pupils who struggle with communication and emotional regulation.

**18 November 2021**  
**1.00-4.00pm**

Chamwell Centre,  
The Milestone School  
Longford Lane
