

SUPPORTING SEND LEARNERS

Presented by: Sara Watters

- How can we remove barriers and increase engagement opportunities?**
- How do you adapt your approach to meet the needs of your pupils?**
- How does your communication and behaviour impact on your pupil's ability to learn?**

Sara has more than 25 years of experience working in a variety of educational settings from Early Years to Key Stage 3. She has worked at The Milestone School since 2004, supporting pupils with a range of needs including Autism, PMLD, PD, SLD and CLDD.

Drawing from research and practical experience Sara has a strong background in supporting practitioners in both mainstream and SEND settings through outreach, inreach, talks and interactive sessions.

Supporting SEND Learners has been designed to develop your awareness and extend your skills in supporting teaching and learning for pupils with additional needs.

During this session you will:

- Consider early childhood development and implications for your learner(s)
- Identify effective communication strategies to support your learner(s)
- Investigate impacts on pupil engagement and how these can be overcome
- Discuss your role as one of team supporting your learner(s) and identify opportunities to support achievement of best possible outcomes.

4 January 2022
9.30am – 12.00pm
Chamwell Centre
The Milestone School
Longford Lane
