

Team Teach Connect is now part of all our training packages, helping you to create a positive behaviour culture in your organisation.

**Share Knowledge.  
Create Connections.  
Reduce Risk.**

## Training Management

Streamlining staff training is straightforward with our certification log, online resources, and centralised booking feature. Ensuring all staff stay up to date with their training requirements. This results in a more organised, efficient, and compliant approach to staff training, ultimately enhancing the performance and skills of your team.

## Knowledge Hub

A valuable resource offering practical content like eBooks, downloadable materials, articles, the Talking Behaviour series, and best practice ideas. Whether exploring de-escalation techniques, conflict resolution strategies, or proactive interventions, the Knowledge Hub equips you to promote positive outcomes for all.

## Support Service

Whether you need clarification on physical techniques, assistance with reporting incidents, or help with risk assessment, rest assured, one of our highly skilled behaviour specialists will promptly reach out to you to address your inquiry and provide the necessary support. Assistance is readily available whenever you require it.

## The Team Teach App

Download our app to access over 19 hours of content and the latest insights in behaviour support. Next time you want to catch up on your reading, pick and choose the content that interests you, anytime, anywhere—all conveniently in the palm of your hand. It works on every platform and is downloadable from the App Store and Google Play Store.

## How much does it cost?

We've conducted extensive research and worked hard with our community to create an offering that supports your needs at an affordable price.

**Team Teach Connect is a chargeable part of all our training packages**, costing just £200 (+VAT) per setting, per year, with a 25% discount offered in the first year.

As this is a per setting charge, every Team Teach certified individual in your setting can access Team Teach Connect.
