28th November 2025
30th January 2026
27th March 2026
8th May 2026

1.00pm to 3.00pm

What is Intensive Interaction?

Intensive Interaction is an approach that is used to support the development of communication skills in individuals with significant communication and learning needs. It emphasises the importance of building meaningful interactions through mirroring, responsive movements, and vocalisations to create a shared, enjoyable experience between two people, helping to develop a trusting and responsive relationship.

This approach is tailored to each individual's unique communication needs and aims to create a positive, interactive environment that promotes social and communicative development.
